

**Microsoft™ Works Suite 2004**

**Great software collection, great value!**

Works Suite has always been a great software collection, and Works Suite 2004 has been improved to offer even more value:

- My Projects organizer** helps you manage any project—big or small. Plan a party or vacation, prepare for the holidays, and organize club or school activities using this helpful tool.
- More than 500 new, professionally designed templates** are ready to help make your projects easy and fun. From party invitations and newsletters, to greeting cards and school reports, there is something for everyone.

**Six Microsoft products in one box.**

- Microsoft Word 2002** - Use the same premier word processor featured in Microsoft Office XP.
- Microsoft Works 7.0** - Organize your household with spreadsheets, a calendar, an address book, a database, and more. Open and edit documents created with Microsoft Excel and exchange data with your Pocket PC or Palm-based device.
- Picture It!® Photo Premium 9.0** - Use photos from digital cameras, scanners, photo CDs, and e-mail attachments. Organize your photos, correct common photo problems, create great photo projects, and share your photos online.
- Encarta® Encyclopedia Standard 2004** - Access more than 38,000 up-to-date articles, plus photos, illustrations, hundreds of videos, animations, and audio files.
- Microsoft Money 2004 Standard** - Organize and manage your personal finances quickly and easily.
- Microsoft Streets & Trips 2004**

**NAf 58,00**

**Microsoft™ Office 2003 Professional**

**Increase Productivity and Collaboration**

- Word 2003** - Create, read and share word processing documents quickly and effectively
- Excel 2003** - Analyze and share spreadsheet information
- Outlook 2003** - Manage e-mail, schedules, tasks, notes, contacts and other personal information
- PowerPoint 2003** - Create, present and collaborate on presentations with real impact
- Publisher 2003** - create, design and publish professional-quality documents for print, the Web or e-mail
- Access 2003** - Create powerful database solutions that make organizing, accessing and sharing information like addresses and family photos easier than ever
- Compatibility** - Office 2003 applications are backwards compatible with Office 2000 and Office XP (2002), so you won't have a problem opening your files back and forth.

**NAf 699,00**

**More options to choose from\*:**

KOBATA in cooperation with Efronix, Inc., introduces the: **KOBATA PC-Private Plan™ (KOPPP™)**

**What is it?**

The KOBATA PC-Private Plan™ is a Personal Computer project initiated by KOBATA. Efronix is an ICT company established in 1986 serving the home, small & medium business market. KOBATA (Kooparativa di Banko, Trust i Aseguro) is an organization which renders financial services to its members, mostly employed in the banking, trust or insurance branch. This is the second PC-Private Plan organized by KOBATA in cooperation with Efronix. The first one was a success in 1999. KOPPP is intended only for members of KOBATA. The plan is financed through a 2-Year Loan at a 4.5% Annual Percentage Rate.

**How does it work?**

Members who want to apply, have to fill out a Form which can be obtained at the KOBATA office. There's also a MS Excel form you can use to calculate and draft your order. You can download this form from [www.efronix.com/koppp](http://www.efronix.com/koppp). The official application form however, is the one from KOBATA, which is required. To makes things easier administratively for us, you may submit the

Excel draft form to us by e-mail to [koppp@efronix.com](mailto:koppp@efronix.com). Please e-mail the complete Excel file.

**For more details please contact:**
